

***Power and Privilege at BSC:  
An Invitation to Campus-wide Discussions***

All members of the BSC community are invited to join the second year of lunchtime discussions focusing on issues of power and privilege at BSC. Each one-hour discussion includes: an overview of theoretical information on the topic; a small group exercise designed to enhance self-awareness and knowledge; a concluding large group discussion regarding ways this knowledge can be used at BSC.

Please bring your lunch and join in these unique and important discussions. Snacks and beverages, as well as topical handouts will be provided by the Diversity Inclusion Research Institute (DIRI) and the Office of Institutional Diversity.
